## A warm welcome

It is our pleasure to welcome you to Appletree Grange, a purpose-built Barchester care home situated in Birtley, Tyne and Wear.

Appletree Grange has been designed with residents' comfort in mind and offers a warm and welcoming environment. Our home is set in its own gardens that feature outdoor seating areas perfect for residents to relax and socialise with loved ones.

Our team of qualified and passionate staff focus on the individual needs of each person – delivering support and bespoke residential, dementia and respite care through the use of personalised care plans.

We are proud to provide a delicious selection of seasonal meals and a variety of activities and events, and most importantly reassurance and support for residents and their families.

At Appletree Grange, providing independence and choice for all is very important to us – that's why we encourage residents to be as active and social as they'd like to be and to personalise their room with their own belongings to help them feel at home.

# Care tailored to you

Personalised care plans ensure each person in our care has the support they require from a team of experienced and passionate care staff.

At Appletree Grange residents are treated with dignity and respect. Our approach to care is based on the use of tailored care plans. These are drawn up with the individuals and their families to identify all care needs.

Each individualised care plan ensures the highest standard of care, dignity and respect for each person.

## Residential care

The residential care we provide supports older people who might need help with the tasks of daily living, including washing and dressing, but who don't require nursing or specialist care.

## Dementia care

Appletree Grange provides dedicated care to those living with various stages of dementia. This part of our home

provides a comfortable, safe environment, uniquely built to promote independence and build self-esteem. Our lifeskills kitchen encourages the continuation of everyday and familiar tasks to aid memory and provide a feeling of purpose.

Our staff receive bespoke dementia training delivered by Barchester's team of dementia care specialists, to reduce distress, increase well-being and improve quality of life for people living with dementia.

## Respite care and short breaks

A short break or respite care is ideal for those looking for a bit of extra care, either following a hospital stay, illness or if their usual care is not available. It also gives you the opportunity to see what life is like in our home and if it's the right place for you.

# Delicious food and life-enriching activities

We place great importance on ensuring variety and choice – from a wide range of life-enriching events, entertainment and activities to delicious seasonal menus.

Residents have a choice of nutritionally balanced meals three times a day, which along with our snack and night bite menus, offer residents a wide choice at a time that suits them. A selection of freshly prepared cakes and biscuits to complement our teas and coffees are always available.

Our team of experienced chefs ensure every meal is made from the freshest ingredients, and is not only delicious but also reflects personal likes, dislikes and dietary needs through seasonal menus.

We offer an array of stimulating activities every day that are tailored to the interests and abilities of the people we support. Each activity is designed to enhance life skills and give a feeling of purpose and self-worth, encouraging residents to choose whether to continue with existing hobbies or try something new.

Our life-enrichment programme promotes positive well-being and offers regular events, entertainment and excursions out of the home.
