

Meet our Manager and find out how we can help. **Saturday 23rd October**

Here are **three reasons** you'll feel welcome
and fulfilled at a Barchester care home.

1

Our staff receive training across a range of different skills, including specialist dementia care, so we can provide care tailored to each resident and can continue to help them celebrate life.

2

From art and fitness classes to outings, events and virtual performances from the likes of the V&A, Blenheim Palace and the English National Ballet. We make every day feel stimulating and fun, so you can discover new hobbies and passions, as well as continuing to enjoy the things you've always loved.

3

Food and nutrition are an important part of each day, with restaurant-style dining and a choice of delicious seasonal meals that are carefully prepared by our talented chefs.
