

Memory Café

Support group at Collingtree Park Care Home

Our Memory Café is a new support network for carers in the community and their loved ones who are dealing with dementia.

Each month there will be talks, activities and small training sessions based around a person-centred approach to dementia care.

Come along and experience a welcoming environment and enjoy friendship, support and advice from like-minded carers, families and friends.

Everyone's welcome!

First Thursday of every month
10.30–12.00pm

Refreshments will be available.

We hope you can join us. For more information or some friendly advice please call us on:
